Used to uplight a building from the outside, either in white or colors

Interior

INDIRECT TROFFER

- Modern design with transparent optics
- Available in 2x2 and 2x4 sizes and 10V dimmable
- Edge lit for indirect light

TruTune™

SEMI-TRANSPARENT UP/DOWN LINEAR FIXTURE

- Illumination surface on this pendant is translucent when off
- Provides both up and down light in multiple lighting distribution options
- Multiple fixtures can be daisy chained together with one power source
- Optional color tuning version

TruTune™

CCT FLAT PANEL TRU-TUNE TROFFER

- Ultra-thin panels provide low-glare and uniform light
- Available in 1x4, 2x2 and 2x4 sizes
- Color tuning allows control from 3000K-5500K through the day
- Human Centric Lighting

Signage

ELECTRONIC MESSAGE CENTER

- Direct-view LED displays are great for indoor and outdoor applications
- Dynamic nature allows signage to be updated on-demand
- Front-serviceable modules simplify maintenance

LOWBAY

- Die-cast aluminum body has integrated heat sink for thermal management
- Hook or junction box mounting
- Occupancy sensor and dimming optional
- IP65 rated to resist dust and water intrusion

Exterior

SLIM SHOEBOX POLE LIGHT

- High efficiency LED driver and high lumen efficiency
- Optional photocell
- Available in 60-300W and a variety of color temperatures
- Arm, slip fitter or trunnion mount
- IP65 rated to resist dust and water intrusion

WRAPAROUND STRIP LIGHT

- 4 ft and 8 ft lengths can be pendant or surface mounted
- Sensors and emergency back-up available
- Dimming standard with frosted lens to reduce glare

RGB

RGB WALL WASHERS WITH CONTROLS

- Ideal solution for illuminating signs and highlight building features
- Control colors for a stand-out image (DMX512 compatible)
- Available in 20" and 40" sections and can be daisy chained

Architectural

SEMI-TRANSPARENT I-BEAM LINEAR FIXTURE

- Pendant light has a translucent surface when unlit
- Four-sided light output for both direct and indirect lighting
- Beautiful profile for an impressive conference room look

ROTATABLE WALL PACK

- Rotating design allows user to direct the light
- 60W-120W have two separate segments to independently move the light
- IP65 rated to resist dust and water intrusion

INTEGRATED T-BAR CEILING LINEAR FIXTURE

- Replaces sections of the grid in a suspended ceiling
- Create flexible and interesting lighting layouts
- Available in 2 ft and 4 ft segments in two widths
